

# IT TAKES JUST ONE CARING ADULT

Make a difference in the new school year by helping kids succeed in school and in life!

## Seeking Volunteer Tutors & Mentors for West Valley Youth

### Become a Reading Tutor

Children who do not read at grade level by third grade quickly fall behind and are four times more likely to drop out of high school.

But with even just one caring adult on their side, students improve their ability to read and comprehend at grade level, find joy in reading, and increase their confidence.

Seven West Valley elementary schools have an urgent need for volunteers to become reading tutors for first through third graders.

Volunteering just a few hours a month with a child can start something amazing. There are kids out there ready to get started.
